

KARAN PARSNANI

SENIOR FRONTEND/FULLSTACK ENGINEER

Mumbai, India | [email](#) | [website](#)

SUMMARY

Front-end specialist (7 yrs) obsessed with pixel-perfect UIs, design-system rigor, SSR, and performance.

CORE TECH STACK

NextJs ReactJs TypeScript Tailwind NodeJs Firebase/Supabase Vercel

PROFESSIONAL EXPERIENCE

Polygon Labs, Full Stack Developer

March 2023 - Feb 2024

- Shipped the Polygon Ecosystem Portal 0 → 1 as the sole engineer
- Architected a Google-style SSO (Firebase Auth, persona-based flows), trimming onboarding from N → N - 3 steps
- Mapped user journeys & authored UX copy with Design + PM, linking 50 + solution-provider dApps

Cruise Finance, Senior Full Stack Engineer

June 2022 - March 2023

- Sole frontend lead for a structured-product hedging protocol on Arbitrum
- Shipped v1 dApp integrated 3 smart-contract vaults, live P&L, and on-chain position management
- Designed component library & theming system (scss) adopted throughout the app

ZebPay, Frontend Developer

February 2021 - August 2022

- Built & owned the ZEBB Admin Dashboard (React + Ant Design) used by ≈ 20 CX agents to track SIP trades and user KYC status
- Added real-time trade feed & advanced query filters, cutting ticket resolution time ~30 %
- Implemented role-based access, and audit logging ensuring secure yet snappy internal tooling

Accenture, Senior Software Engineer

October 2017 - February 2021

- Partnered with AT&T design/product teams, powering the HBO Max web launch
- Built a Web-Component library adopted by 4+ AT&T consumer apps

SELECTED CONTRACT PROJECTS

- **Destreet** — FE Consultant (Mar–Sep 2024): shipped a Solana social-trading dApp (jotai, wallet-adapter) that lets users trades with friends
- **stack.so** — Design-System Eng (Feb 2024): delivered a Radix/Tailwind component library for their points system protocol

BUILDS, HUSTLES AND FUN PROJECTS

- **strikerate**: Skill based real time, pvp, sports calling arena
- **tike.social**: Media-only Farcaster client, #1 Based India Hackathon, ≈ 550 users
- **others**: **Degen Chat** (on-chain memecoin chat with AI analysis & in-app swaps), **Antler Fellowship** (\$20 k grant for NFT merch platform), **OPDReady** (secure healthcare storage)
